SUMMARY

A highly motivated hard-working individual with a passion for technology and a strong desire to learn and grow in the field of web development. Equipped with knowledge in JavaScript, React, Responsive design, and Mern Stack. Worked on several design projects with optimization, and animations. Seeking an opportunity to utilize my skills and knowledge in a dynamic and innovative company where I can make a meaningful impact and take my animation skills to next level of 3D.

RECENT PROJECTS

Moviflix | React Project

- A website to get information about all movies, tv shows, search, watch trailers, download, and also filter them according to your needs using TMDB Api - using Redux, react-router, fetch APIs and animations

Portfolio | React Project

- A personal portfolio website designed and developed by me containing dark/light modes and various animations.

DevConnector | MERN Project

- A social network platform for developers to manage profiles, share, like, and comment on GitHub repositories - using React Router, Redux toolkit, fetch APIs, JWT, and GitHub OAuth app for fetching Dev repositories.

Omnifood | Web Design

- Responsive food App design to deliver healthy meals 24/7 - using CSS Grid, Flexbox, and image optimization.

Natours | Web Design

- Responsive animated tour booking design with different travel plans - using CSS, SASS, and optimization.

ProShop | MERN Project

- E-commerce site having user and admin privileges with payment functionality - using React Router, React Bootstrap, Redux toolkit, axios, Image upload (Multer), JWT, and PayPal Sandbox.

ACHIEVEMENTS

- Secured 161 AIR in GATE ECE 2021
- Secured 7th rank in H/S exam TBSE
